

"iAM Smart+" Registration at Self-Registration Kiosk for Persons aged 11 to 17

This video will introduce the "iAM Smart+" registration process at a Self-Registration Kiosk for persons aged 11 to 17.

The graphics in this video (including screen contents) may have been enhanced with artistic effects or simplified for demonstration purposes. Please refer to the applications for the actual content.

Before registration, please make ready your Smart Identity Card or New Smart Identity Card, your smart phone, which is Internet accessible and with biometric authentication enabled, and your email address. Please make sure your parent or guardian has registered an "iAM Smart" account. You have to be accompanied by your parent or guardian during the registration process.

Download the "iAM Smart" mobile app and install on your smartphone.

Please visit a Self-Registration Kiosk with your parent or guardian.

Launch the "iAM Smart" mobile app on your phone and your parent or guardian's phone.

First, you have to scan the QR code on the kiosk screen with your "iAM Smart" mobile app.

Next, ask your parent or guardian to scan the QR code on the kiosk screen with his/her "iAM Smart" mobile app.

The registration steps are as follows –

1. Obtain parent/guardian's consent:

Read the applicant's declaration with your parent or guardian.

After reading the declaration, the parent or guardian has to agree to the terms in the parent or guardian's shown on his/her phone.

Then, you have to agree to the terms in the applicant's declaration on the kiosk screen.

2. Applicant inserts his/her identity card:

The applicant has to insert his/her identity card into the slot on the kiosk, with the chip facing up.

3. Perform facial recognition:

Align your face with the photo frame on the kiosk screen to take images.

Then, you may continue the registration process on your phone.

4. Perform biometric authentication:

Perform biometric authentication with biometrics registered on your smartphone.

5. Set password:

Set your "iAM Smart" password and re-enter the password for confirmation.

6. Provide email address:

Enter your email address twice to complete the registration.

Registration has been completed.

For details, please visit the "iAM Smart" website at iamsmart.gov.hk.
